GREAT SOCIETY SANITY QUESTIONED

**SOVIET BLUEPRINT FOR
SOCIALIZING (Communizing) U.S.A.**

By **LESLIE BROWN**

The immorality of the new Great Society that President Lyndon B. Johnson visualizes is so fantastic in the destructiveness of Christianity and the American Republic created under the Constitution that political analysts here are questioning its sanity.

Grave suspicion is now being focused on the sinister implications hidden beneath the surface of the controversial and questionable socialist legislation ramrodded with emotional hysteria through Congress.

Within it are cunning, deceptive provisions authorizing iron-fist tyranny powers centralized in interlocking bureaucratic federal agencies — agencies answerable only to the dictates of the White House. They lend credence to the suspicion that the State Department Marxist clique long ago negotiated a secret pact with the Soviet for a co-existence alliance based on compatible socializing of the American government.

It is traced to the regime of Franklin D. Roosevelt's recognition of Communist Russia, his bolstering the Soviet with United States resources, bringing Kremlin psychopoliticians and psychiatry into U.S. administrative government with blueprints for totalitarian regimentation of the nation.

Since then the socialist state objectives have been achieved by successive administrations following the Soviet format. It was accomplished by periodic dosages of socialism changing the traditional American way of life. The resistance of the American public against communism was smashed by courts stacked with politically-appointed Marxist liberals to the judiciary who have reversed previous rulings against Communists and have voided statutes against them by declaring them unconstitutional.

Other rulings followed enhancing the legal status of powerfully organized minorities who have formed a common front embracing socialism, and an alien new Great Society to subvert the moral concepts of Christianity for godless ideologies of a communistic state.

By the standards set forth in the Constitution creating a Republic, the liberal politicians espousing Marxism, socialism, the anti-Christian minorities of homosexuals, Zionists and insurrectionist Negroes, are subversives, anti-American extremists with warped mentalities.

Under the guise of humanitarian legislation, the White House administrations of John F. Kennedy and Lyndon B. Johnson have perpetrated frauds by the deceit employed to enact the Communist mental health and civil rights legislation — both reportedly treasonable in that Congressional documents disclosed they were blueprinted in the Kremlin for tightening the sovietizing vise on the American people.

It has been coupled with overwhelming numbers of anti-Christian minority appointments as directors of federal agencies and departments, and to the judiciary and thousands of others on government payroll. A half-million outlawed, anti-society homosexuals in government exercise influence and power, becoming "a government within a government."

Those perverts and allied minorities are speeding socialist regimentation of the nation for co-existence with Soviet Russia under a United Nations One World Government. This is now being implemented with questionable White House actions which call for close scrutiny as to whether they are outright subversive or products of demented, power-drunk minds.

An unprecedented executive order reportedly is responsible for the thousands of alien doctors being imported to staff nationwide mental health centers. Most are coming from Europe with training in Communist psychiatry. They are believed to be the "political weapon" to get rid of alleged "extremists and lunatics" whom the Great Society liberals have vowed to liquidate.

Deceptive provisions in the mental health legislation authorize psychiatric policing of the minds of Americans to conform with standards decreed by the government psychiatrists for "proper thinking" or imprisonment for "psychiatric corrective therapy." That is similar to the mental health policing in the Soviet.

Recently, the London Daily Telegraph re-

ported that LBJ is grooming Arthur Goldberg, now the chief U.S. delegate to the United Nations, to be the first Jewish American president. This was confirmed by the Jewish News Agency. That gives some credence to the boasts of the organized homosexuals that a minority dominated administrative government and judiciary, comprised of Zionists, Negroes and Sodomites, will have complete control of the nation by 1970.

But already the White House has a strange array of advisors from the minorities: Matachine Society, Anti-Defamation League, Foreign Relations Council and the subversive Center for Study of Democratic Institutions. Among the Marxist indoctrinated liberals are Martin Luther King, Bayard Rustin, Walter and Victor Reuther, Robert Hutchins and Abe Fortas.

Ever since the Roosevelt socialism regime there has been no end to pinkish-lavender brainstorms from the White House. That is why the nation is bankrupt of its resources in gold and silver. Now the mint is rolling out phony coinage and billions in questionable currency, spiraling the national debt far into Outer Space.

Brainstorms eventually become so inane they resolve into insane fantasies. That is why economists and political analysts here are appalled by the latest White House brainstorms for an LBJ monumental global new Great Society ending all poverty and illiteracy.

For that the American public does not need to import Soviet-perverted psychiatrists. There are ample Christian doctors capable of ferreting out the "extremists and lunatics" in the fairyland of the White House.

GREAT SOCIETY SODOM AND GOMORRAH

By ALTON THATCHER

The President of the United States Calvin Coolidge once commented to the Protestant Evangelist, Billy Sunday, that he, (Coolidge) could hardly "pursue an honest policy in government for Jewish pressure."

Some patriotic Americans who are authorities on American Constitutional government and the monetary system contend that if America's "NATIONAL CURRENCY" should be restored under the control of Congress, as the Constitution of the United States has provided for it to be, and as it was prior to February 25, 1863, instead of the monetary system remaining under the control of International Jewish Bankers, America's involvement in foreign wars would cease, and Communism would disappear . . . from our own shores and from many foreign lands.

It has been stated by authoritative sources that the United States has suffered national economic depressions, unemployment, and hunger — in our land of plenty — and that our country has been drawn into foreign wars and conflicts, plagues instituted by the International Bankers so that the Earth should become their inheritance; that the international bankers have created higher and higher interest rates on monetary loans from their phony "Federal Reserve Banks"; that behind-the-scenes they instituted the withholding tax and greater and greater taxes which are channeled through the federal government for their special benefit at the expense and enslavement of the people of the United States.

Since the American Civil War, they have been "packing" the federal government with their trained political "seals" to do their bidding for them. And these Jews are still "packing" it with their stooges.

Following World War I there were still enough intelligent and patriotic leaders in the U.S. Senate to prevent the Senate body from ratifying America's membership to that modern "Tower of Babel" known as "The League of Nations."

Then came the worst economic depression in America's history. The International Bankers had shut off their currency from circulation not only in the United States, but in foreign countries as well. In order to further force their will upon the American people and other peoples of the Earth, the Jews instituted World War II which paved the way for their World government, both of which the United States was shoved into and at the expense of the American people physically and financially.

And thus the "Tower of Babel" had a rebirth. It was to this Communist United Nations established upon our soil that our de-facto federal government surrendered our national sovereignty, independence, and liberties. As a result, our U.S. Constitution had been criminally violated and subverted, and now our Republic is "dead".

Directly or indirectly, the United Nations controls our NATIONAL DESTINY economically, politically, and racially. And certainly America's foreign policies, in peace or war, function under United Nations' direction.

Our Nation is beset with political treason in high places, exorbitant economic inflation, and moral corruption.

We no longer have any constructive national policy. Our courts, legislatures, and press are prostituted. Social justice has been crushed under the weight of social injustice perpetrated against the American people by Marxist Jews. States' Rights have been obliterated. And Constitutional Government has given way to red MOBOCRACY and racial mongrelization.

Far too long our people have been indoctrinated by Marxist propaganda. It is corrupting our society.

Sodom and Gomorrah once had "Great Societies," but their societies eventually became debased, vile, and corrupt. And as a result, God destroyed those people and their two City States and all those about them — (Genesis 19: 1-25).

THE GREAT SOCIETY GLEE CLUB

GREAT SOCIETY PROTECTS THE CRIMINAL

By BISHOP FULTON SHEEN

Some probably remember the famous Victorian "tearjerker," "Hearts and Flowers." It was played in practically all melodrama, especially when the poor family was about to be dispossessed by a vicious landlord on a snowy night. Modern literature, as Edmund Fuller has pointed out, has now gone to the opposite extreme where pity is for the rapist not the raped, for the criminal not the victim. This false compassion started with novelists like William Saroyan and John Steinbeck who presented the "lovable bums," the shiftless, the drunks, as "beautiful little people."

The next stage was to excite pity for the genial rapist, the jolly slasher, the dope pusher, the adultress playing musical beds, the rich kid who sells "goofballs," knifcers, sluggers, muggers and the homosexuals.

What is true compassion? It is a sharing of sorrow, a pity and sympathy, a desire to help, a bearing of another's burdens as if they were one's own. Compassion can be moral, material or physical. In the moral realm, it shares guilt as if it were one's own. A judge who might sentence a murderer to death and then take the punishment, would be a faint example of Christ taking on our sins—dying for them as if they were His own. Compassion is physical when one helps another carry an extra burden. A boy with another boy on his back was asked if he could bear up under it and he answered: "He's not heavy; he's my brother." Material compassion is a sharing of one's goods with the poor. Compassion, in a word, is vulnerability. It is a sympathy so deep and keen that one feels the wounds of others as if they were his own.

Compassion also makes a distinction, between a man destroyed by his own fault, and one destroyed through no fault of his own. No valid compassion can exist without a separation of right and wrong. Otherwise, there is no difference between a saint and a sinner, a murderer and his victim.

But today, thanks to a few social workers, a few incompetent judges, and woolly-minded thinkers, and many "sob sisters," compassion is extended not to the one who was mugged, but to the mugger, not to the policeman, but to the dope pusher, not to the girl killed by a dope fiend, but to the rich boy from an interesting family. No blame may be laid at the door of the criminal or the degraded. The new saviors of a perverted society say: "Neither do I condemn thee. Go, and sin some more."

With what result? Crime increases about 19 per cent a year in the United States. In New York alone there are 60,000 narcotic

And America deserves no less than Divine Destruction by whatever method unless Constitutional Government and National Independence and freedom in this country are restored versus alien atheistic control.

Where is our self-National pride and patriotism of yesteryears?

addicts and 36 per cent of all who have to do with narcotics in the nation are released through "clemency" and too often to commit worse crimes. A burglary is committed every 30 seconds in this country; a motor car is stolen every minute; a rape is committed every three minutes, and a murder every hour. Two-thirds of those arrested for robbery had already received "compassion." Forty-three per cent of all crimes against property have been done by the age group between 10 and 17. Twelve out of every 100 policemen are assaulted in the line of duty. Nobody is "bad" because there is no right and wrong. Criminals are "sick."

One professor in a large university had just finished his lecture on social work, advocating compassion to punks and criminals. On his way home, he was mugged and severely beaten. He insisted on going to the police station before being taken to the hospital to complain against the city for not protecting life and property. He wanted compassion. Gone was his compassion for muggers. May those judges and social workers who deny the difference between right and wrong, learn the lesson that not every criminal is "sick" without being mugged themselves.

GREAT SOCIETY IS SOCIALISM!

In Chicago, at the Socialist Party's national convention, Norman Thomas, one time president of the Socialist Party, had this to say:

"We all have reason to be grateful to him (Lyndon Johnson) in the way he is handling civil rights and poverty. I ought to rejoice, and I do. I rub my eyes in amazement and surprise. His war on poverty is a Socialistic approach."

SOCIALISM IS MARXISM

Do you realize the significance of the "Great Society" and its program for National Marxian Socialism?

Here are the words of George Bernard Shaw, one of its organizers and founders:

"I also made it clear that Socialism means equality of income or nothing, and that under Socialism you would not be allowed to be poor. You would be forcibly fed, clothed, lodged, taught and employed whether you liked it or not. If it were discovered that you had not the character and industry to be worth all this trouble, YOU MIGHT POSSIBLY BE EXECUTED IN A KINDLY MANNER: but whilst you were permitted to live you would have to live well."

COMMUNISM AND SOCIALISM ARE MARXIAN TWINS

Karl Marx wrote the Communist Manifesto in 1848 for guidance of Communists of the entire world. He argued that Communists are the true, or scientific Socialists, and advised violent, revolutionary programs as the only practical way to bring about the principal Communist-Socialist objective, which is state ownership of all business and industry, including the farms.

GREAT SOCIETY TEN CENT DOLLAR

THE DOUGLAS M. SMITH LETTER

for the
TIMING AND SELECTION OF
STOCK TRADING

by the
Smith Index of Money Factors,
World Political and Economic Forces

WILL THE DOLLAR BE
WORTH 10 CENTS IN 1976?

The similarity of the debasements of the French franc (1870 by John Law, and in 1890-91 under the leaders of the French Revolution) and the U.S. dollar today, should awaken the people of the U.S. to demand the impeachment of those politicians in Washington whose actions are destroying the value of our dollar which is no longer redeemable in Gold. In 1890, the French Assembly's propaganda for irredeemable notes was that "it would bring back into the public treasury, into commerce and into all branches of industry, strength, abundance and prosperity." Doesn't that sound like our Socialist-Labor government's propaganda today? The French politicians said of their notes, "they will soon be considered better than the coin (Gold) now hoarded." The U.S. government has been trying to sell to the world the same type of "paper" for nations to use as reserves to pay their balance of payments debts. This is nothing more than "fiat" money (paper currency that has no backing in specie such as Gold) and France and the European nations want no part of it. The leading French newspaper "Moniteur" stated in 1790, "all paper money which cannot at the will of the bearer be converted into specie (Gold) cannot discharge the function of money." Other French writers stated in 1790 that "doubling the quantity of money or substitutes for money in a nation simply increases prices, disturbs values, alarms capital, diminishes legitimate enterprise, and so decreases the demand both for products and for labor." Our Socialist-Labor government will eventually pay off its debts (Bonds) with its almost worthless paper dollars, and the public will be the loser.

Look at the new issues of high interest bearing Dollar Bonds being sold today to the gullible public. What will be their true value in five, ten, or fifteen years from now, with the purchasing value of our dollar down 60% since 1939-40, and continually falling? With our dollar not redeemable in Gold, I do not consider any Bonds, Government or Corporate a safe investment.

The French "Louis d'Or" (a Gold coin of 25 francs) was worth 15,000 francs in paper money in 1795. Smart moneyed people sent their Gold out of France and put the rest into objects of permanent value. The French government was bankrupt and at war when Bonaparte accepted the Consulship. He stated, "While I live I will never resort to irredeemable paper." He kept his word and France prospered by the return of currency redeemable in Gold.

Europe has been unloading its dollars (also British pounds) and getting our Gold, because it knows our government is destroying the value of our currency, and that it will go the same way the French printing press money went in 1795.

Let us now stop a minute and look at the fantastic monetary inflation of our "currency in circulation"; it was 3.1 billion dollars in 1914; 5.4 billion in 1933; (from here on our currency was no longer redeemable in Gold); 9.6 billion in 1943, and on August 4, 1966, it had reached 42.7 billion dollars. In December 1949, the ratio of Gold to deposits and notes was 54%, but on August 4, 1966, it was only 33.3% behind notes (currency) alone, even after being forced to discontinue the 25% Gold reserve behind deposits.

Owners of common stocks and bonds should at once set up nonpartisan clubs to establish a letter writing campaign to force all politicians to stop destroying our dollar. This also applies to holders of life insurance, annuities, pensions, and Social Security, all of

whom will suffer as our dollar continues to collapse. A loss of even 3% per year due to inflation means a 10 cent dollar, if not even less in 1976.

Our Socialist-Labor government by spending over \$100 billion of tax-payers' money and with the backing of the Supreme Court, Labor Bosses, and Civil Rights legislation, is moving step by step towards a Communist Police State. Examples: destroying the value of our currency, curtailing religion by doing away with school prayers, controlling schools, hospitals, etc., by withholding public money, dominating states thru Federal spending, eliminating owners' control over renting and selling their property, and practically forcing business to accept Federal dictatorship. The government is the servant of the people and once the public realizes the truth that Socialism is really Communism in disguise, the people can take back their liberties and industry can continue under a Free Enterprise System, by voting out of office all politicians who are Socialistically inclined, than returning to currency redeemable in Gold and Silver, which is the only way to maintain the purchasing value of the dollar.

GREAT SOCIETY FOREIGN AID TREASON

(Reprinted from St. Louis Globe-Democrat)

The United States is in the grip of the worst threat of inflation since the end of World War II. It is spending each year up to \$12,000,000,000 more than it takes in. It has a public debt of \$324,000,000,000 on which the annual interest is in excess of \$12,000,000,000!

Foreign aid has contributed \$122,000,000,000 of American taxpayers' money to this stupendous debt since 1946.

It has been scattered around the globe to more than 110 countries — to many nations whose rulers would destroy our form of government, and to tyrants who used it for their own pet projects or funneled it to aid Communists trying to overthrow free governments.

Knowing well these facts, the Johnson Administration still is seeking \$9,166,000,000 in new foreign aid for the coming year.

It asked for \$3,300,000,000 in its specific foreign aid requests but has spread other requests of \$6,000,000,000 in aid for foreign governments throughout its budget.

Every cent of this mountain of aid adds to the public debt and feeds inflation. To raise this money and other funds for its deficit spending program, the Administration is now selling treasury notes and paying 6 per cent interest!

The true deficit, when all the fiscal trickery is removed, now runs at about \$1,000,000,000 a month.

This shipment of billions of American tax dollars overseas comes at a time when the cost of the Vietnam War, an essential effort for defending freedom, is approaching \$2,000,000,000 a month.

Due in large part to this squandering of tax dollars abroad, the balance of payments problem grows steadily worse and the gold drain continues apace.

Recently the President proposed a program to fight mounting inflation. One of his pledges was to curtail Federal Government spending by \$3,000,000,000.

We see no evidence Mr. Johnson is attempting to reach this goal. Cutting foreign aid drastically would have been a show of good faith, but the Administration reportedly still seeks the full request.

America's monetary solvency is at stake. It is fiscal lunacy to propose spending more than \$9,000,000,000 in new foreign aid when the urgent need is to reduce inflationary pressures in our economy and to pay for rising costs of the Vietnam War.

GREAT SOCIETY SOCIALISM

"We are going to try to take all of the money that we think is unnecessarily being spent and take it from the 'haves' and give it to the 'have nots' that need it so much."

—President Johnson
(White House speech, 1/15/64)

GREAT SOCIETY "MEGALOPOLIS"

The above map of a planned integrated community between Washington and Baltimore, to be known as the city of Columbia (pop. 110,000), represents very clearly what Karl Marx referred to when he called for "gradual abolition of the distinction between town and country . . ." The fusing-together of metropolitan areas into one endless "Megalopolis" is taking place in 74 other areas of the U.S., all in various stages of development.

The Demonstration Cities Act, perhaps the greatest federal power-grab in history, will make the notorious Negro Marxist, Robert Weaver, a virtual czar with "life and death" control over our cities.

GREAT SOCIETY RUINED BRITAIN

Some fifty years ago (1914) there was a 370 page book published with the title of "The Great Society." Its author was a Professor Graham Wallas of the London School of Economics and a founding member of the Fabian Society. Wallas' book was one of the Fabians' major blueprints for their Socialistic remaking (wrecking) of Great Britain.

Speaking at the University of Michigan on May 22, 1964, President Lyndon B. Johnson said:

"In your time we have the opportunity to move not only towards the rich society and the powerful society, but upward to the Great Society."

The main blueprints for LBJ's Great Society may be found in the 1964 program of the Americans for Democratic Action (ADA) where "each individual enjoys the highest degree of liberty, opportunity, and security compatible with the liberty, opportunity, and security of his fellows," or as Karl Marx put it: "the free development of each is the condition for the free development of all."

MARK OF THE GREAT SOCIETY — — — TREASON

"A nation can survive its fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and he carries his banners openly. But the traitor moves among those within the gate freely, his sly whispers rustling through all the alleys, heard in the very halls of government itself. For the traitor appears no traitor; he speaks in the accents familiar to his victims, and he wears their face and their garments, and he appeals to the baseness that lies deep in the hearts of all men. He rots the soul of a nation; he works secretly and unknown in the night to undermine the pillars of a city; he infects the body politic so that it can no longer resist. A murderer is less to be feared." — Cicero.

MAJORITY FED UP WITH GREAT SOCIETY MINORITY RULE

A TIME TO CRY

Many Americans do not understand why we are involved in Viet Nam. The REASON why they do not understand is because those who run our Jew-dominated mass media will never tell them. Southeast Asia is important to us. If you live on the West Coast, and drive your car up to a gas station and say, "Fillerup," you may never stop to think where that petrol came from. It may have come via the Straits of Malacca in a big super-tanker. On the day when the Straits of Malacca fall into the hands of hostile Communist interests, you will FIND OUT IN A HURRY why Southeast Asia is important to the free world. You will go to the store or the gas station to get things WHICH WILL NOT BE THERE. Beyond these purely material considerations, we cannot tolerate the human chaos and disaster into which Southeast Asia is in danger of sinking.

The Jew-Communist Voices of Sedition are throwing a smoke-screen around the whole business. Sedition is not timid in the United States today. It strives to dominate our college campuses. It has all but wrecked the campus at Berkeley. It is important for Americans to know the source of this filthy poison which is rapidly wrecking our country.

Enlisted men in the Army Forces are encouraged to refuse duty. Young men are encouraged by vast mailing campaigns to evade the draft. We graybeards sit stolidly in the American Legion Hall and contemplate these things with dismay. What is the country coming to? It is coming to a bad end unless it quickly puts its house in order.

Much of the success of this campaign of Sedition is achieved by misdirecting our attention. We have been trained, when the word "Communism" is mentioned, to think in an automatic way of RUSSIA. Russia is indeed a formidable military rival, PRECISELY BECAUSE SHE HAS PRETTY WELL CLEANSED HERSELF OF THE WORST FILTH OF MARXISM. THE MARXISM WHICH IS WRECKING US TODAY IS NOT OF RUSSIAN ORIGIN. IT IS GENERATED RIGHT IN OUR OWN COUNTRY, BY THE JEW-MAOIST-TROTSKYITE INTELLECTUAL MACHINE CENTERED IN NEW YORK. The two major political parties quail before the economic and propaganda power of the Jews. Who will defend us in this crisis? Who will stop the erosion of the Patriotism of our Armed Forces? Who will stop the generation of Sedition and Rebellion among racial minorities?

Let us consider this problem of racial minorities. The Jew will never really do anything for the Negro. I am in favor of getting the Negroes out of a fetid slum like Harlem. THE JEWS WILL NEVER DO THIS. They will merely encourage the Negro to riot and destroy his home and then leave him to live in the ruins of it. I will be called "Anti-Negro" because I oppose the incitement to Sedition and rebellion which is now going on. I am entirely in favor of building a SEPARATE AND HAPPY SEGREGATED SOCIETY for the Negro. If the Negro has any pride in himself, this is what he himself will want. He is never really going to get anything out of this "Civil Rights" racket. THE JEWS ARE NOT TRYING TO BUILD UP THE NEGROES. THEY ARE TRYING TO PULL DOWN THE GENTILES TO THE PRESENT NEGRO LEVEL, SO THAT THEY CAN RULE THE WHOLE LOT, WHEN THEY HAVE BEEN INTERBRED INTO A SLAP-HAPPY, COFFEE-COLORED RACE. The Editor of the Jew rag called COMMENTARY recently openly averred that "interbreeding" must come. What will we have when Jewish power is perfected? WE WILL HAVE WHAT THE OLD SOUTH HAD IN PLANTATION TIMES. The Jew will be the "White Massa" ruling over all of us "Nigger" slobs. The American Negro, and we, will be right back where the Negroes were before the Emancipation Proclamation.

THE JEW WANTS THE DESTRUCTION OF THE OLD, STURDY AMERICAN CIVILIZATION WHICH WAS BASED UPON COURAGE, FAITH, AND HONOR. He wants to amalgamate us into a sappy in-

ternationalism which he will rule. The "Marxism" we are fighting in East Asia today is an AMERICAN brand of Marxism. It was not generated by writers in PRAVDA or IZVESTIA. It was generated by writers like Edgar Snow in the Saturday Evening Post. This morbid, macabre form of degeneracy has created a monster in Asia, which our youngsters must fight in battle, while Treason does its best to undermine the home front. Let us explore ruthlessly the depths of shame and infamy to which we have fallen, the utter, total shame and disgrace of allowing our intellectual and literary leadership to be assumed by an alien minority which subjects your son and mine to the humiliation of fighting a war while their homeland is being debased and corrupted by treason and sedition.

THERE IS ONE REMEDY FOR THIS: We must have the downfall of the Jew-Marxist intellectual and mass-media machine which dominates us today. We must have a political instrument which will represent the AMERICAN MAJORITY. The two national political parties, in their failure to do this, have sunk to the most utterly ignoble depths of infamy and corruption. They must be replaced by a new political instrument genuinely dedicated to the service and representation of the AMERICAN MAJORITY.

GREAT SOCIETY AND VIETNAM

We are now rounding out five years of war in Vietnam.

The Zionist Invisible Government has just sent their favorite representative LBJ on a whirlwind Far Eastern trip, a staged pre-election maneuver, striving desperately to improve Johnson's shattered image. A mounting evidence of treasonous blunders and inconsistency rules out any defense for Johnson's miserable Far Eastern failure.

Had the Great Society any intention of winning the Vietnam War, they would long ago have utilized Chiang's on-the-spot 600,000 trained troops. Furthermore, all military authorities agree we cannot hope to win unless we invade North Vietnam. LBJ plans to do neither of these. He sent Senator Magnuson to Moscow some weeks ago to offer increased trade and long term credits for the entire Soviet bloc, if Moscow would prevail upon Hanoi to come to the conference table. Magnuson was to offer the bait that the \$2,000,000,000 now being spent monthly on the Vietnam War, could be used to build up Southeast Asia and other countries, regardless of their ideologies!

The following editorial from "The Wanderer" indicates our position after Johnson's Asian venture:

"According to an article in U.S. News and World Report, President Johnson has made the decision to keep U.S. forces in the Vietnam War on the defensive! Mr. Johnson has apparently decided to reduce the search and destroy missions by U.S. troops that have succeeded in destroying many north Vietnamese regular forces, and instead concentrate on a counter guerrilla type of warfare.

"The role of South Vietnam's Armed Forces is to be increased in the hopes that

The above also reminds us of the Great Society Congressmen after probing the Communist menace.

the South Vietnamese troops, who have not been consistently effective heretofore, can be trained to pacify and then hold and defend areas against Viet Cong guerrillas.

"What Mr. Johnson's decision seems to imply, is acceptance of a long indecisive war that will keep U.S. casualties to a minimum but in all probability, will not succeed in destroying Red aggression against South Vietnam.

"Apparently the United States is once again to be committed, as it was in Korea, to a stalemated war that decides nothing. The American troops who are asked to fight and die in this war will not be given a chance to win the war. Communist aggression, while it might be slowed, will not be checked. The Communists once again will be reassured that, indeed, aggression does pay off.

"If the United States is serious about stopping Communist aggression, then a defensive war is out of the question! There is but one way to defeat the Reds in Vietnam and that is to prevent Communist forces from invading the country in the first place. Present U.S. strategy cannot succeed against the Reds, and, unless there is a change in Mr. Johnson's plans, still more thousands of American youth will die in vain."

JEWS DOMINATE SOCIALISM

"Socialism was originated by Jews and today Jews play a leading role in its spread and interpretation."

From: "Jew and Non-Jew,"
By Martin A. Meyer, Ph. D.

"Certainly we find a strong Jewish participation throughout the Socialist movement, which from its inception up to the present day has been largely dominated by Jewish influence."
